

## Reports 2 Billion Tax Cuts Feasible In 1950

### CED Takes Stand Against President's

Washington, Jan. 7.—(AP)—The committee for economic development (CED) said today that tax cuts totaling \$2,250,000,000 are feasible this year.

The planning organization of businessmen, in a policy statement, took a stand squarely opposite that of President Truman.

Mr. Truman has asked a "moderate" tax boost. On Monday he will present a budget message for the fiscal year starting July 1 which, on the basis of forecasts, will show a deficit not importantly less than this year's \$3,500,000,000 gap.

**Cut In Excess Tax**

CED proposed a billion-dollar cut in excess taxes, a billion-dollar reduction in the double tax on corporation earnings, and possible other adjustments not itemized.

It offered a simultaneous program for federal cost cuts, including veterans' outlays, foreign aid, housing aid and national defense. It claimed this prospective result:

If business climbs back to its 1948 level, with unemployment down to about 2,500,000 the government's cash accounts (not the same as the presidential budget) would balance and there would be \$3,000,000,000 in cash left over for payment on the national debt.

If business activity is slower and unemployment much higher, causing smaller revenues, CED's spokesmen said the government should not try to strike a balance. To do so, it was argued, would merely add to deflation.

**\$3 Billion To Cut Debt**

Under the assumption of improved business, CED estimated the economies would leave cash income of more than \$45,000,000,000 and outlays of \$40,000,000,000—thus making room for the \$2,000,000,000 tax cuts and \$3.5 billion debt retirement.

But cash income and outgo differ widely from the familiar "administrative budget" which Mr. Truman will submit on Monday for fiscal 1951. Translated into usual budget terms the CED cost-cutting and tax-cutting proposals would mean:

If 1951 is a high-business year: federal spending, \$39,700,000,000; federal income, \$41,300,000,000. Result: a surplus of about \$1,600,000,000.

If 1951 business stays at present levels: spending, \$39,700,000,000; income, about \$7,200,000,000. Result: a deficit of about \$2,500,000,000.

### GOP Solons Will Decide On Policies All By Themselves

Washington, Jan. 7.—(AP)—Senator Taft (R-Ohio) made it clear today that GOP members of congress intend to write the new republican policy statement without too much advice from the party's national committee.

Taft told a reporter he is opposed to attempting to work out any statement of principles at a joint meeting of the 15 senators, 15 House members and 15 national committee members named to aid in drafting a statement of party principles.

"I don't think a convention of 45 people can get anywhere in efforts to reach an agreement," said the Ohioan, who heads the Senate policy drafters.

National Chairman Guy G. Gabrielson is expected to call the 15-member national committee group together here within a week or 10 days.

A. B. Hermann, republican executive director, said there was no present plan for this group to meet with the congressional committees. He denied, however, that there is any friction among the groups.

**Suds Fill Chicago Streets In Blaze Of Old Soap Plant**

Chicago, Jan. 7.—(AP)—Soap suds filled Chicago streets today as firemen battled a 750,000-gallon blaze in an abandoned soap plant.

## Formosa Is Last Hope Of China Nationalists

Taipei, Formosa, Jan. 7.—(AP)—If the Chinese Communists can conquer Formosa, Generalissimo Chiang Kai-shek and his last ditch Nationalist forces face the end, either by flight into exile or by capture.

Knowing this, they intend to hold this big island if they can, but they feel that they are doomed unless they get material aid from the United States. This view prevails despite the American hands-off attitude.

Typifying the opinion in all Nationalist ranks, K.C.WU, Princeton-educated governor of Formosa, says the island can be held "forever—maybe," provided the United States "gives us moral and material encouragement."

If the Communists are unable to mount their invasion this coming spring and summer, in the interval between monsoon and typhoon weather, then Chiang and his followers will get a year's respite.

This is what they are hoping for. They believe that somehow, some-

where, something might happen to alter the seemingly inexorable trend of events.

A survey of the best available Chinese and foreign opinion in this capital discloses these more or less common convictions:

1. The communists at present do not seem to have the capability of undertaking an invasion;

2. This picture could change quickly with active Soviet aid;

3. There is little or no prospect of the Nationalists being overthrown by an internal revolt, despite dissatisfaction among the Formosan population of more than 6,000,000;

4. Unless projected reforms are carried out in the next few months, the Nationalists will be in serious economic plight.

Invasion of this island will be a stupendous project. With good air reconnaissance, the defenders should have at least four days of warning, or so the military experts say.

**National Guard Battles Floods**

At least 4,000 people in area are homeless.

Illinois national guard troops Saturday battled to contain flood waters which drove at least 4,000 persons from their homes in a three-state area.

Brig. Gen. Frank Singer, assistant Illinois adjutant general, ordered 75 members of Company D, 130th Infantry, stationed at Lawrenceville, to help Lawrence county Sheriff Carlos Whipple fight the flood threat in that area.

**Cold To Ease Flooding**

Cold, clear weather moved into the sodden areas of Illinois, Indiana and Missouri with the mixed promise of easing the overflows and adding to the discomfort of the flood victims.

Waters were falling in many of the upstream flood areas and perhaps one half of the routed 4,000 had returned home Saturday.

The number of families forced to move during the week was estimated by the American Red Cross, which said 325 Illinois families were forced to leave their homes. Some 500 families were displaced by flood waters in Indiana, and the Missouri total was 175 families. The Red Cross estimated four persons to a family.

In Illinois, the rivers which have left their banks, flooding wide areas of farmland and seeping into communities, were the Wabash, the Little Wabash, the Embarrass and the Kaskaskia.

**Embarrass Breaks Levee**

The Embarrass river broke through a levee today near the east edge of Lawrenceville, spreading a sheet of water over U. S. highway 50 between Lawrenceville and Vincennes, Ind.

Harry I. Curtis, chief of the Illinois state police, who assigned 18 members of his force to the Lawrenceville area, said both the Embarrass and the Wabash had risen two and one half feet there during the last 24 hours.

The Embarrass reached a 26.9-foot mark at Lawrenceville Saturday, two feet above the previous flood high set in 1943.

Curtis said there was danger of a break in the main levee north of Lawrenceville. Such a break, he said, probably would let several feet of water into parts of the city and flood some homes on the edge of St. Francisville, farther south in the Wabash valley.

### Illinois News Briefs

Peoria, Ill., Jan. 7.—(AP)—Churchgoers today missed the usual toll of the bell at the Redeemer Lutheran church on Route 88, four miles north of Peoria.

The reason: Somebody stole the bell.

The Rev. Theodore Teylor, pastor of the year old church, told the Peoria county sheriff's office that the bell was taken from a 15-foot high outdoor belfry. He said the thieves also took the wooden framework which supported the bell.

Kankakee, Ill., Jan. 7.—(AP)—Mrs. Della Gilborne, 71, of nearby Herscher, died today. She had been injured in an auto crash Tuesday.

Mrs. Gilborne was the wife of Dr. H. B. Gilborne. The Gilborne auto skidded on a gravel road and smashed into a bridge abutment near Red-dick, Kankakee county.

Dr. and Mrs. Gilborne formerly lived in Mazon, Grundy county.

Paris, Jan. 7.—(AP)—Vennie Clark, 77, a fair grounds helper, was found dead of gunshot wounds today in the shack where he lived alone on the edge of town.

A coroner's jury found that Clark committed suicide by tying a string to the trigger of a 22 caliber rifle and to the chair in which he sat. When he raised the gun, the string discharged the bullet.

A nephew, Harold Tucker, found Clark's body.

Chicago, Jan. 7.—(AP)—The University of Illinois alumni association today named two committees to advise the Democratic and Republican parties on candidates for university trustees.

Names of the association's advisory committees were announced by Fred H. Ebersold of Downers Grove, president of the alumni body.

Three trustees are to be elected next November. They will serve six years. The state school has nine trustees.

One association committee will report to the democratic convention, the other to the republican.

Kansas City, Jan. 7.—(AP)—Two vacancies on the general board of the Church of the Nazarene were filled today at a meeting of the group.

The new members are the Rev. Arthur Morgan, St. Paul, Minn., a district superintendent for the denomination in Minnesota, and Dr. Harold W. Reed, Kankakee, Ill., new president of the Olivet Nazarene college.

**Stevenson Calls On Administration To Balance Budget**

Springfield, Mo., Jan. 7.—(AP)—Gov. Adlai E. Stevenson of Illinois tonight called for Democrats to balance the national budget and to be aware of "fiscal irresponsibility."

The Democratic governor said the problem of limiting government spending to income "poses a formidable responsibility for our party," which controls congress and the federal executive branch.

In a speech prepared for a Jackson Day dinner, Stevenson asked: "If we can't balance our National budget now, when will we?"

He said Democratic presidents "boldly, wisely and courageously" led the country through two World Wars and a great social revolution.

"I hope and pray that history will never record that the Democratic party foundered on the rocks of fiscal irresponsibility," he declared.

Stevenson urged adherence to established party principles as the formula for continued success at the polls.

He said Harry S. Truman, like the Democratic presidents before him, won mainly because he preached "The Democrats' traditional faith in the typical American citizen."

Stevenson said "that final blast of Jacksonian candor and horse sense" in Mr. Truman's 1948 campaign "opened the eyes of the people to the solemn fact that the benefits that had come to them under the Democrats were in danger."

## Promises Full Hearings On Brannan Farm Program

### Sander Case Raises Question Whether Murder Law Be Modified

New York, Jan. 7.—(AP)—Shall civilization's first law, Thou shalt not kill, be modified to ease pain? If so, what murderous tricks may it lead to?—Will the state be allowed to say how long you shall live?—How can doctor know when mercy should end your life?

These questions are again sweeping both sides of the Atlantic, as they have done repeatedly for centuries.

This time the cause is unusual. It is done by one who loves the sick person most.

Whether or not he meant to, Dr. Herman N. Sander, Manchester, N.H., put the question up to the world when he wrote on the chart of Mrs. Abbie Borroto, 59, dying of cancer, that he had injected air into her veins.

It is charged the air killed her. Dr. Sander made the fact official record. Dr. Sander has been indicted for murder.

There are rumors that doctors give overdoses to end lives of pain, quite often, but they never have been verified.

Now, for the first time, organizations favoring mercy deaths are banding together to rouse sentiment to modify the laws of murder. Proponents of euthanasia, mercy death, are about to ask the United Nations to include the right of merciful death in the declaration of human rights.

This right is to be limited only to incurable sufferers. Only with their consent. Only with legal safeguards.

The petition will come jointly from American and British euthanasia associations. It is the first international move in the long history of mercy deaths.

The Euthanasia Society of America Inc., is planning a mass meeting in New Hampshire to sponsor legislation making euthanasia legal. The society is opposed to mercy deaths until legalized.

In New York state the society plans a bill for the present legislature.

Society officers hope to rouse sentiment in some states of the deep south, believing conditions favorable there.

Legal history of this century is that most of the mercy killers are acquitted, or hung juries are forced.

**38 Women Killed In Fire At Davenport Hospital**

Davenport, Ia., Jan. 7.—(AP)—Fire which struck while the patients slept roared through the psychiatric ward of one of Iowa's major hospitals early today and snuffed out the lives of 38 women.

The 38th victim was Miss Margaret Weber, 92, who was carried out of the ward this morning. She died of shock tonight.

Coroner C. H. Wildman said 38 bodies had been recovered, and a "piece of a body." He said the toll was being held at 38 until it was determined if the fragment was another body or part of one previously recovered.

The work of probing the debris was halted.

**Screams Sounded Alarm**

Screams of women patients in St. Elizabeth's mental ward building of the 300 bed Mercy hospital sounded the alarm as they awakened to find themselves trapped in a "flaming hell."

Within two hours only the charred shell of the building remained.

Fire Chief Lester Schick said "I doubt if we ever find out what caused the fire." He said it started in a room on the east side of the building and spread into the hall, up a dumb waiter shaft, and then spread-eagled over the top of the building.

Barred windows prevented firemen from reaching many of the victims and they perished in their rooms.

**Inspected 2 Years Ago**

State Fire Marshal Zack Cook said at Des Moines the hospital last was inspected about two years ago. He said that inasmuch as his department includes only five men, such inspections are made only on request of city or county authorities.

Sister Superior Mary Annunziata, head of the hospital, said 31 other patients were treated for burns or injuries. With 37 presumed dead, she said this accounted for the 65 women and three men known to have been in the destroyed ward.

### Thomas Wants Solons To Study It

Washington, Jan. 7.—(AP)—Full hearings on the controversial Brannan farm plan at the present session of Congress were promised today by Senator Elmer Thomas (D-Okla.).

"President Truman had recommended use of the production payments system of the Brannan plan twice this week," Thomas told a reporter. "I'm certain senators will cooperate in at least learning exactly what it means."

Thomas as chairman of the Senate agriculture committee said he personally will conduct the public hearings on the proposals by Secretary of Agriculture Brannan.

**Little Chance Of Passage**

Other democratic leaders on farm legislation—including majority leader Lucas (D-Ill.) and Senator Anderson (D-Minn)—say there is little chance for congressional approval of this session of the Brannan plan or any other major changes in basic federal farm legislation.

Thomas called attention to President Truman's State of the Union and economic message to congress this week.

In the first the president said "our farm legislation is still not adequate" and noted "shortcomings" in the price support program. He recommended a system of production payments to enable both consumers and farmers to benefit from federal aid programs.

**Changes Needed, Truman Says**

In his economic recommendations, Mr. Truman said changes in farm policy are needed and again urged "support through production payments."

Secretary Brannan has urged retention of the existing price-support and related controls for many crops, with use of "production payments" for perishable crops and products that cannot be stored under loans or government purchases.

**William Brady, 36, Top Showman For Fifty Years, Dies**

New York, Jan. 7.—(AP)—William A. Brady, 36, a top showman for half a century, died yesterday but at his own request—his death didn't keep the show from going on.

Brady, one of the theater's outstanding producers, manager of many leading stars and sports figures, had been ill for some time with a heart ailment.

He died about noon yesterday at his Park Avenue home.

But 24 hours later reports were being released that he was "seriously ill."

Last night his grief-stricken wife, 70-year-old film and stage veteran Grace George, went on as usual in her starring role in "The Velvet Glove," a new play at the Booth Theater.

Again tonight Miss George will play her part as usual.

"Miss George thought an immediate announcement of her husband's death might prevent her from playing," said Stanley Gilkie, general manager of the play.

"And she did not wish to stop any performance, in conformance with his (Brady's) wishes."

Gilkie said that a week ago Brady, then seriously ill, had told him: "Whatever happens, I don't want anything to interfere with her playing."

**Fumes Overcome 3 Elderly Women**

Iola, Kans., Jan. 7.—(AP)—Three elderly women, overcome by fumes, were found unconscious in a home at Humboldt today. One is in critical condition.

The women were Mrs. Mary Wilson, 82, and her niece, Mrs. J. Arthur Currie, 58, of Champaign, Ill., and Mrs. Sue Goff Bush, 72, of Kansas City, Mo. The women were visiting at Mrs. Wilson's home.

Found at 11:30 a.m. the women were taken to an Iola hospital. Mrs. Bush still was unconscious tonight and her condition was listed as critical.

A physician said Mrs. Wilson's condition was serious, and Mrs. Currie's was good.

**DOG WITH COLD FEET HOLDS UP A TRAIN**

Ellensburg, Wash., Jan. 7.—(AP)—A cocker spaniel with cold feet held up a Milwaukee freight train today.

The train pulled to an unscheduled stop after the dog failed to move from the track despite repeated whistle blasts.

Engineers found the dog's four wet paws frozen to the icy rail. They freed him and the train went on.

**WEATHER**

The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported the temperatures for Saturday as follows: High, 36; low, 15; and at 6 p.m., 26.

Forecast for Illinois—Generally fair today. High 26 to 32.

## BRASS ACCEPTABLE TO G.I.s

The new military rule permitting an enlisted man to demand someone from his own ranks on a court martial board trying him, has not been utilized extensively, according to a report of the Fifth army area. There, only 15 of 330 accused men have asked trial by mixed courts.

These figures are being cited as evidence that enlisted men do not fear their commanding officers, and that is largely true. The complaints about mistreatment of the dogface came largely from sensitive fellows who chafed under continued restraints after the termination of the last war and while they were waiting to be discharged.

Enlisted men on the whole have never been abused. Their legal rights, however, still are pretty slim. Under the new rule, the one enlisted man on a board can always be outvoted by the officers. Many a defendant might have asked an enlisted man on his trial board if he hadn't feared that by so doing he would antagonize his commanders and cause them to look more skeptically on his stance.

PREDICTION OF 50 MORE YEARS  
OF 'COLD WAR' ISN'T PLEASANT

The prospect that the "cold war," with its huge cost and high tensions, will continue for at least 50 years is not one to cheer about. Yet that's what Prof. Arnold Toynbee, the eminent British historian, foresees.

Toynbee is the author of a work that strikes deep into the basic nature of human history. He looks at events with the long view. So his comments on future trends inevitably carry weight.

The bright side of his forecast is, of course, that he sees no real likelihood of a shooting war before the year 2000. If his prediction turns out to be sound, the world would have experienced one of the longest periods without war since the middle of the 19th century.

But however grateful the millions of ordinary folk everywhere would be for such an era, they could not contemplate with joy the idea that the coming 50 years are to be a repetition of what the world has known as "peace" since World War II ended.

Toynbee isn't alone in predicting a painful extension of the cold war. Bernard Baruch, America's elder statesman, thinks the same. And so do some of our other statesmen and military leaders.

What they are all saying in effect is that Russia will not use its army to expand its area of control or influence in the world. But the Soviet Union will employ every other device known to man—and undoubtedly many new ones—to try to achieve its apparent goal of global conquest.

If that is the course Russia does indeed intend to pursue, then the United States and the rest of the free world have no choice but to meet the relentless Soviet pressure with equal weight and determination on the other side.

Let's translate that into practical terms. It means we'll have to keep a bigger army than we'd like to have, for a longer time than we ever imagined would be necessary. It means, furthermore, that we'll have to take the lead in strengthening and coordinating the military forces of other free nations. We'll have to keep our own economy strong, doing our best to avoid paralyzing depression. And no doubt we'll have to continue helping other countries economically for a considerable time. Otherwise they might not be able to resist the corrosive effects of infiltrating communism. That's the outlook, say Toynbee and other far-seeing experts. If they're right, there's no use in our living in hope that an easy, relaxing sort of peace is just around the corner. Tension and strain may well prove to be the normal state for free peoples in the next half century.

## THE DOCTOR SAYS:

Chronic Drinking  
Is Symptom Of  
Real Sickness

By Edwin P. Jordan, M.D.

Written for NEA Service

There is perhaps little doubt that the world would be better off if alcohol as a beverage had never been discovered. But it has been and millions of people all over the world have become so attached to alcoholic drinks that they are unable to stop. It is this particular aspect of the drinking of alcoholic liquors which I want to discuss today. Such people are labeled as chronic alcoholics.

Often the dividing line between the "social drinker" and the chronic alcoholic is not clear-cut and the heavy social drinker passes by imperceptible degrees into a state where he or she can no longer "take it" or "leave it alone" as they usually claim, but must continue to "take it."

No one knows exactly why some people develop this craving for alcohol and inability to stop. Alcoholism is not inherited. As one man said, "Alcohol is an extremely effective agent for rosy blurring and softening the rigid and forbidding outlines of reality." As time goes on the person headed for chronic alcoholism seeks to shut out his troubles more and more often in drink. It is an escape.

Most doctors have come to consider chronic alcoholics as sick people and the alcoholism as a symptom of the condition which caused the person to take to drink.

Unfortunately, there is as yet no specific treatment for the chronic alcoholic. Under careful supervision some alcoholics have been cured by a method which leads them to develop an aversion or distaste for any drink containing alcohol.

HY-SMOKE FILLS HOME WHEN STOKER CAUSES TROUBLE  
The home of Jack Weaver, 1106 West Lafayette avenue, was filled with smoke late Friday night when the stoker got out of adjustment. A fire alarm resulted at 11:20 p.m., but there was no blaze and the firemen returned to the engine house within a short time.

How To Become Famous  
In The Next 50 Years

By HAL BOYLE

New York, Jan. 7.—(P)—The air has been full of lists of the ten most influential figures of the last 50 years.

This is all water over the dam. What every ambitious American boy or girl today wants to know is, "What can I do to become one of the most influential persons of the next 50 years?"

Well, that one is easy. It is no trick at all to name some of the feats that—if you can do them—will make you one of the best-remembered leaders of the last half of the 20th century how to do them is the big thing.

Starting a third World War would be the simplest way, but who wants to be remembered for that? Making a mint of money and giving a billion dollars to philanthropic causes—as the Rockefeller family has done—is a fine method, too. But it is unlikely that anybody will ever make a billion dollars anymore.

The big fields of the future are politics, science, literature, religion—and motherhood.

Ten Different Ways  
And here are ten ways to make a name for yourself that will ring in the minds of mankind for a long, long time:

1. Unify the world under a single government by peaceful means—not by conquest.

2. Solve the national debt. Even Einstein hasn't done that.

3. Invent a robot that—when you put a quarter in the slot—will give out your income tax and give you back fifteen cents in change.

4. Write a book with a belly laugh so big it'll give folks a chuckle the rest of their lifetime.

5. Discover a single drug that will cure cancer, ulcers, constipation, hangover, the common cold and ordinary impiteness—the six big diseases of civilization.

6. Either found a new religion or dramatize an old religion that will take people's minds off themselves.

7. Invent a plastic folding auto to solve the parking problem, a car that will go 100 miles on a thimble of fuel. You might as well make the fuel and thimbles out of plastic too—everything else is.

8. Develop an essential product that can be made out of silk but can't be made out of nylon, maybe a silk beer mug. No one can be in a world where the silkworm has an inferiority complex. We all have to feel useful to be happy.

9. Discover a gravity eradicator. This will rid man of the burden of carrying his own weight around, end the present apoplexy over traffic jams, and free barbers of varicose veins.

Tenth is Questionable  
And the tenth avenue to fame? I was going to suggest the invention of a cream that would make everyone really beautiful—not only in his own eyes but in all eyes.

"That would be dreadful," objected my wife, Frances. "Everybody would be bored to death if they couldn't see and appreciate the faults in each other."

She said there should be a place on the list for mothers.

"A mother who figured out a formula for raising a son to be a perfect husband for any woman ought to go down in history," she said.

"But if all wives had perfect husbands wouldn't they be bored to death?" I asked.

"Not in the next 50 years," said Frances.

Each of the continents has one or more towns bearing the name of Rome.

Pinkerton Will  
Bequeath \$2,000  
For Church Work

Carrollton—The will of the late Sarah M. Pinkerton was admitted to probate Thursday and ordered recorded. The will provides for the payment of all debts and funeral expenses after which the estate both real and personal was left to John Hillis and his wife, Opal Hillis, as joint tenants.

The estate was left subject to the following bequests: \$1,000 to a sister of the testatrix, Mrs. Grace B. Lemon, and \$1,000 each to three nephews Robert M. Pinkerton, R. Donald Pinkerton and William J. Pinkerton.

Also provided for the will was \$1,000 to the local Methodist church to be used as needed and \$1,000 to the missionary work of the local Methodist church.

The will was made Sept. 26, 1944, and witnessed by George D. Johnston, Romina Vestel and Mary Virginia Conlee.

## Aladdin's Magic With Old Lamps Makes Shades as Good as New

Here are three quick, easy ways to renew old lamp shades. An old frame (left) gets a new paper shade, attached first with clothespins, then sewed. Another frame (center) takes a shade easily "woven" of inexpensive raffia. A third shade (right) has soiled spots concealed by gay flower motifs cut from seed catalogs.

Making old lamp shades look like new is a matter of ingenuity, a little handwork, and a very small outlay of cash.

New York lamp designer Rosti, who custom-makes unusual effects for an exclusive clientele, outlines four quick, easy, inexpensive ways to revive wilting shades. He tells you how to paste, paint, weave, or put a brand-new shade on an old frame.

If the shade to be remodeled is in fair shape, but spotted, save it by pasting motifs over the soiled area. Decorative motifs come courtesy of any seed catalog. Cut out the most colorful blooms in the catalog, brush the back of each with vegetable glue and paste over soiled spots. Then give the entire shade a protective coat of clear varnish.

A shade which won't clean easily can be transformed with paint, water colors, oils, or enamel. Choose a color which picks up a bright tone in the room, if you like. Uneven brush strokes can be used to create an interesting effect when you

switch on the light. If you want a really rich glow from your lamp shade, use oil paint. Buy small tubes of black, Van Dyke brown, chrome green, yellow, and gilt paint. Mix these colors right on the shade with your paint brush. You'll get an expensively-looking mottled tortoise effect which you can heighten by using a strip of gilt paint, or gold cellophane tape, applied at top and bottom of the shade. Cover with clear varnish again.

Weaving with raffia, which is inexpensive and available in decorative colors, is another way to make a lamp over. First step is to wrap the uprights, then the crosspieces of the old frame with raffia. Next step is to "weave" by wrapping from top to bottom. At each upright the raffia gets an extra twist to keep the whole thing from sagging like socks when in the room, if you like. For a contrasting note, add raffia in another color and weave it vertically through the horizontal strands.

If a shade is beyond repair, try recovering the frame. Remove the old cover carefully; you'll need this as a pattern for the new.

If you prefer to make your own lamp paper, get some heavy art paper at a stationery store. To treat it, use one part linseed oil and one part turpentine, and mix. Put the art paper on a stack of old newspapers and brush first one side, then the other, with the mixture. The effect should be uneven and slightly a clothesline and leave it there to mottle. Hang the treated paper on dry.

Now, when you cut a new shade to the old pattern, be sure to allow enough for the ends to overlap and make a seam. To fasten the new shade temporarily to the frame, use clothespins. Begin, not at the ends, but in the middle. Clip the paper at top and bottom, coming last to the seam, where ends will overlap.

You're now ready to sew the paper to the frame, using a heavy needle and bright yarn.

## Do Your Guests Have To Play Musical Chairs?

By VIVIAN BROWN  
AP Newsfeatures Writer

Every housewife should sit in a chair ten minutes before she purchases it. Then perhaps there would be more than one comfortable chair to a household. Sometimes there isn't even ONE.

Of course, you insist, your chairs are comfortable. But have you tried them lately? The surest test is to notice whether your guests start yawning and wandering around the living room aimlessly after dinner. The men will almost certainly keep anxiously eyeing the closet where you've put their coats.

Usually even if there is one good chair in the living room it belongs to Pop. If he isn't sitting in it, he is enviously eyeing the person who is, much to their discomfort.

At one party recently there were eleven guests and eleven chairs. It wasn't until I finally achieved a seat on the divan (which also was uncomfortable) that I noticed that I already had sat in six chairs. So had everybody else because unconsciously or by design as someone vacated a seat next to you, automatically you would slide into the seat. That game of musical chairs went on until I finally one bright guest sat on the floor. Naturally, all followed suit. The hostess purred like a kitten convinced that her party was a huge success.

Actually, it is times like that which determine the comfort of your living room. There should be chairs for all posteriors. Particularly if you and your husband are small of stature, and probably addicted to furniture with small seats, you should take inventory to see if you have enough comfortable chairs for your large friends.

There are just as many attractive comfortable chairs available as uncomfortable ones. If men had their way they could suggest many improvements. If you don't believe it, take a poll of your guests sometime.

You might complain that a guest will sit on the arm of a chair or dangle his feet over the side of it. Well, why not have an ottoman or hassock on which he can rest his feet? A hassock that could be regulated to different heights is a good idea and should be a huge success if only some enterprising furniture designer would produce one.

If you use moderate temperatures for roasting duck and want a crispier, browner skin then results, place the duck under the broiler before serving. Or one hour before roasting brush the duck with a few tablespoons of honey mixed with a tablespoon of soy sauce.

## New Shampoo Shade Sheds Soap

By ALICIA HART  
NEA Staff Writer

The reason a baby dislikes shampoo is because he hates having soap in his eyes. To keep those stinging bubbles at a safe distance is the purpose of a new shampoo shade for His Nibs, which enables his Mom to give him a quick clean-up with few, if any, yelps.

A shade of vinylite which looks like a baby-sized hat brim with no crown is adjustable to fit any top knot. It slips down on the baby's head far enough to keep hair and soap suds away from his face. The adjustability to head sizes is taken care of by an elastic band which stretches to fit.

Since the shampoo shade sheds soapy water like an umbrella, it makes hair washing fun from both angles—Mom's and baby's. All that the mother has to do is slip the shade firmly on the child's head, set out her soap and water, and scrub. If she wants to know what the reactions are underneath the

## Footnotes To Charm

By BETTY CLARKE  
AP Newsfeatures Beauty Editor

The 1950 glamor girl is prettier because she is healthier.

No, she isn't a hothouse flower that wilts when a cool breeze whips around her. Instead she invites fresh air and even a walk in the rain. Why? Because she has learned how to dress.

The modern woman dresses sensibly from head to toe. On cold days she wears ear-laps if need be, and sensible leather-soled walking shoes that give her ankles protection. She wears a scarf around her neck, and never goes without gloves in the winter time.

Girls used to avoid overshoes and umbrellas like the plague and it was

the smart thing to say "I never wear boots or carry an umbrella." She got her high-heeled shoes soaking wet, and went to football games in sandal-type shoes that invited frostbite.

Some of her common-sense dressing has been instigated perhaps by the smart and colorful array of umbrellas, raincoats, overshoes, play shoes and dress shoes that are available. On the other hand, she knows that she looks prettier and feels better these days, and that when the thermometer dips she doesn't have to ruin her looks and disposition.

The key to foot health in winter is the same as in summer. Feet need room to breathe, and blood needs a chance to circulate, so wrapping legs in tight stockings can impede blood circulation and even encourage frostbite. According to laboratory studies, cold and clammy feet may lower the temperature by ten degrees or more, thus, perhaps increasing susceptibility to colds. There should be plenty of toe room in both hosiery and shoes to aid circulation.

Experts say that polar expeditions have established that there may be as much as 90 degree variation in temperature between the inside and outside of a leather sole on a frosty winter's day. The natural fibrous construction of leather allows diffusion of air in and out, and this makes for the best insulation against cold.

Foot specialists frown on wearing rubbers indoors, on trains and buses. This habit keeps cold and moisture inside of the shoe, and tends to chill the entire body. Winter itch around calf and heels caused by steamheated rooms can be helped by using a soft cream with lanolin base. Chills, blains, they say, are an almost certain sign of improper footwear, indicating that your shoes are too tight or that impermeable material in the shoe causes clamminess.

During the winter make sure you wear well-fitting leather shoes and do foot exercises at night. Occasionally rub the soles of your feet briskly with a Turkish towel to stimulate circulation, and you'll probably never suffer from frostbite.

For a special dessert treat spread white layer cakes with date filling. To make the filling cook the dates in a little water until they are soft and can be mashed easily, then beat in a tablespoon or so of lemon juice and butter. Frost the date-filled cake with a rich chocolate icing.

## Ice-Locked Mail Boxes Opened With Blow Torch

Jerseyville—Employees of the Jerseyville post office carried a blow torch along on their routes early Wednesday morning when they went out to collect the mail that had been deposited in boxes in various parts of the city.

The freezing rain of Tuesday night cemented the boxes shut with a deep coating of ice and the blow torches had to be employed in thawing the locks and openings of the boxes.

A Jacksonville Trailways bus which arrived here Wednesday morning had great difficulty in opening the baggage compartments upon its arrival at the Jerseyville station. Scores of motorists whose cars had been out during the night also found it impossible to get the doors of their vehicles open Wednesday morning.

## Grain Terminal Manager Will Address Bureau

Jerseyville—The annual meeting of the Jersey County Farm Bureau has been set for January 14 at the Jerseyville Grade school beginning at 12 noon.

Larry Colvis of Chicago will be principal speaker for the session. Colvis, who was formerly a Farm Adviser from Southern Illinois, has recently been made manager of the Illinois Grain Terminal in Chicago.

Farm Adviser Raymond Frakes will make his report and other annual reports of officers will be given, and election of officers conducted. The Jersey Agricultural Service, Inc. and Jersey County Producers Association will conduct their annual meeting in conjunction with the Farm Bureau session. Patronage refund checks will be distributed at that time.

The annual meeting of the Jersey County Farm Supply Company is set for Jan. 21, at 7:30 p.m. at the Jerseyville Grade School.

On January 31st a county-wide in Winchester.

"kick-off" meeting for the Grass Legume Program sponsored by the University of Illinois will take place at the courthouse in Jerseyville at 7:30 p.m. The colored movie "Green Dollars" will be shown, making its first appearance in the city.

### MERRITT

Merritt—Mr. and Mrs. Floyd Rolf and daughter, Melba, recently spent the day in Springfield, where they were guests of the Porter family. Mr. Rolf also visited with Harvey McGlasson, who is a patient at St. John's hospital.

Mr. and Mrs. Fritz Rolf attended a shower at the Merritt Methodist church honoring Miss Virginia Davis, a former Merritt resident, who is soon to be married to Ralph Hudson of Jacksonville. Other guests included Mr. and Mrs. John Baird, Mr. and Mrs. Fritz Stegeman, Jr., and Mrs. Marie Berry and Irene Grady of Exeter.

Mr. and Mrs. Russell Korty and Mr. and Mrs. Clarence Korty were holiday guests of L. W. Korty family. Miss Sue Karen Korty, who had been visiting with her grandparents, returned home with her parents.

Mrs. Fern Welsh and Miss Gladys Strubbe spent Wednesday afternoon on January 31st a county-wide in Winchester.

## 1950 March Of Dimes Most Crucial Campaign In Fight Against Polio

Following in the wake of the worst polio epidemic this country has ever known, the 1950 March of Dimes campaign, one of the most crucial in the history of the crusade against this dread disease, will be directed at replenishing the resources of the National Foundation for Infantile Paralysis, which were nearly depleted as a result of the high number of cases during 1949.

The annual campaign will be in progress across the nation Jan. 16 through Jan. 31. In Morgan county, the drive is being directed by the Junior Chamber of Commerce, with Jack Mathews as chairman.

Assisting Mr. Mathews will be Don Douglass, campaign treasurer; Bill Deutsch, advertising manager; Jim Ogle, booths; Bill Alexander, county solicitation; Basil Sorrells and Robert Herr, special events; Jim Deuer, banking; Bill Fanning, coin collection; Norbert Schindler, distribution of supplies; Robert Spink, solicitation through the schools; and Harlan Williamson, solicitation. Additional Jay-Cees will be appointed to each of these divisions.

To Work With Chapter These committees will work in cooperation with the Morgan County Chapter of the National Foundation for Infantile Paralysis, which is comprised of John Agger, chairman; Ralph Thomson, vice chairman; George T. Lukeman, Jr., treasurer; Josephine Milligan, secretary; Dr. Garm Norbury, medical adviser; and Mrs. Paul Allen of Waverly. Mrs. Roy Davenport of Alexander, Cloyd DeFreitas, Louis Nierman, Helen Sweeney and Richard Wilson of Chapin.

The year 1949 was the most severe in the 12-year history of the National Foundation for Infantile Paralysis. With more than 40,000 persons stricken, epidemic aid funds were virtually depleted and it was necessary, for the first time in the organization's history, to conduct an emergency campaign.

The emergency drive provided stop-gap funds barely enabling the National Foundation to carry on through the last three difficult months of 1949.

Financial Problems Increasing The financial problems involved in caring for polio victims are increasingly difficult not only because of widespread epidemics, but also because of soaring medical and equipment costs.

Continuing the care of the thousands already stricken and being prepared for any eventuality 1950

## John C. Hillis Of Berdan Dies At White Hall

White Hall—John Clarence Hillis, 42, of Berdan, died Saturday at 1:30 a.m. at the White Hall hospital, where he had been a patient since Tuesday.

The son of David and Bessie Bridges Hillis, Mr. Hillis was born in the Wrights township. He was united in marriage with Opal Walker.

His wife survives, together with a daughter, Mrs. Ward Spenser of Greenfield; one son, David, at home; and seven sisters, Mrs. Earl Sullivan, Mrs. Lloyd Tanner and Mrs. William Volker, all of Springfield, Mrs. Ralph Phillips of Jacksonville, Mrs. W. M. Ruyie of Alton, Mrs. Morris Smith of Wood River and Mrs. Howard Gray of Murrayville.

Services will be held Monday at 1 p.m. at the White Hall Pentecostal church, with Rev. Rigdon officiating. Burial will be in Belltown cemetery. The body is at the Mackey Funeral Home in Roodhouse and will later be removed to the family residence.

## Veterans To Eat Ham-Hocks, Beans, Plan Installation

Amvet post No. 100 will hold its annual ham hock and beans supper Tuesday, Jan. 10, for Amvet and auxiliary members. Supper will be served at 6:30 p.m., and all members desiring to attend are asked to call in their reservations not later than Jan. 8.

The regular meetings of the post and auxiliary will follow the supper and then a joint ceremony will install the new officers for 1950.

State Commander Craig, Third district Commander Manning and the auxiliary state president, Mrs. Marty Swisher, will be in attendance and serve as installing officers.

The Amvets will stage their first annual rabbit roundup on Jan. 8 and all rabbits killed will be dressed and placed in deep freezers and at an early date the vets will enjoy a rabbit fry. Members participating in the hunt will assemble at the Amvet club at 7:30 a.m., have breakfast and pair off in groups and travel to the wide open spaces in search of cotton-tails.

## Officers Installed By Masonic Lodge At White Hall

White Hall—About 70 members of A. F. & A. M. Lodge No. 80, their wives and guests attended a dinner served at the First Baptist church at 6:30 o'clock Tuesday night, by members of the Daughters of Faith class, after which the group adjourned to the Masonic Hall for public installation services.

Edward Roodhouse acted as installing officer, with Ernest Roodhouse as installing marshal. Mrs. Clara Collins was pianist and Paul

Fenley was soloist.

The elected and appointive officers installed included Otis I. Neighbors, worshipful master; senior warden, Edward Westerhold; junior warden, Kenneth L. Davis; treasurer, Royal A. Frazier; secretary, John Stout; chaplain, Finis Main; senior deacon, Gilbert Early; junior deacon, John Neece; senior steward, Keith L. Hubbard; junior steward, Louis Waltrip; marshal, Rex Applegate, and Tyler, Roscoe Keeny.

## ANCIENT SNAKE FOUND

Rio de Janeiro—(AP)—An 80-million-year-old snake has been reported found near San Jose Itaboraí, small town in Rio de Janeiro state. A report to the geological museum here says a field party, digging in a site which has been explored for 20 years, found fossil birds, lizards, plants and a snake estimated to belong to

the tertiary age. The snake is the first of this type found in Brazil, says the report.

**MENU**  
Beef-Kidney Stew  
Acorn Squash  
Orange, Grapefruit Salad  
Celery Seed Dressing  
Corn Sticks  
Butter or Margarine  
Cherry Pie  
Beverages

In the realm of good eating kidney stew has long been a gourmet's delight. For home-makers alike, the combination of delicate kidney with tender beef and vegetables is a wonderful way to introduce new flavors to the family.

For this famous dish, beef, pork or lamb kidney may be used. Wash the kidneys, remove the outer membrane, split them through the center, then take out the fat and tubes, and they are ready to be diced for the stew.

**Kidney Pie**  
Kidney stew is easily transformed into a meat pie. Prepare the stew in the usual manner, then about 15 minutes before the end of cooking time, line a casserole with biscuit dough, pour the stew into the dish and cover with additional biscuit.

## Jerseyville K. Of C. Home Incorporates

Jerseyville—Articles of incorporation for the Columbus Home Association of Jerseyville have been issued by the Secretary of State and entered of record in the office of Circuit Clerk George E. Brown. Incorporators are George Hall, Thomas Powderly, Henry Schroeder, Anthony Beiermann, Aloys J. Schleper, Henry Goetten, Joseph Kue-

dough. Besides stew and pie, broiled veal or lamb kidneys are a delicacy favored by many as a special breakfast treat. Ask your meat dealer to leave about 1-inch fat on the kidney. Slice or split the kidneys, then place them on skewers to hold flat. With the fat side up put them on the broiler rack about three inches from the heat and let the kidneys broil until the fat is brown and crisp. Season, turn and continue broiling totaling about 20 minutes time.

**Beef and Kidney Stew**  
1 pound kidney (beef, veal, lamb or pork)  
2 tablespoons flour  
1 1/2 teaspoons salt  
1 teaspoon pepper  
3 tablespoons lard or drippings  
3 cups water  
2 cups diced potatoes  
2 cups diced carrots  
1 cup diced onion  
3 tablespoons flour  
1 cup water

Wash kidneys, remove fat and cut into half-inch cubes. Dice meat. Dredge cubes of kidney and beef in flour. Brown well in hot lard or drippings. Season. Add water and cook for one hour. Then add chopped vegetables and continue cooking for 15 minutes or until vegetables are done and meat is tender. Without removing meat and vegetables, thicken the liquid for gravy. 6 servings.

## Women's Council At White Hall Holds Meeting

White Hall—The Women's Council of the First Christian church met Thursday night at the home of Mrs. Ernest C. Neece. The president, Miss Mae Nichols, presided at the board and business meeting, during which tentative plans were made for serving the dinner on Jan. 16 for members of the Laymen's League of the church; the program and raising of funds for the Week of Compassion which is in March this year, and the sponsoring of the Rose Page-Welch concert to be held at the

church during March. The program was in the charge of Mrs. Norman Bechtel, program chairman, with papers given by Miss Avis Nichols and Mrs. Bechtel. Mrs. F. N. McLaren had charge of devotions, with a sketch on the life of "Ann, the Prophetess." Roll call was answered with "New Year's Resolutions."

Mrs. Russell G. Washburn and Miss Bette Spangenberg had charge of the entertainment, which consisted of unscrambling the names of hymns.

Refreshments were served by the hostess and her assistants, Mrs. Bechtel and Miss Spangenberg.

Store pears in the refrigerator only after they are as ripe as desired. They need to ripen slowly at a temperature of 60 to 70 degrees.

In making a soft custard sauce, have the water in the bottom part of the double boiler about one inch deep and keep it at simmering temperature. The sauce should be stirred constantly while it is cooking.

### Hackett To Capital For Coal Conference

John T. Hackett of this city, president of the Illinois Fuel Merchants' Association, left Saturday morning for Washington for a face-to-face appeal to national legislators to act in the coal crisis. He was accompanied by Walter Scherer of Ottawa, Ill., and together they will represent Illinois retail dealers at a conference scheduled for Monday in the capital.

A number of senators and representatives have been invited to the conference by the American Retail Coal Association. Hackett said he was informed that Senator Lucas of Illinois and Senator Taft of Ohio will be present.

"We maintain that an emergency exists for the domestic coal users in Illinois," Hackett said before his departure for the capital. "Utilities companies and other large users may have adequate stock for the present, but the home owners who use coal are up against it."

Hackett said a survey Thursday of this week showed that little or no coal is arriving in Jacksonville by railroad. At that time, he said the Illinois School for the Deaf had a 52 day supply; the Illinois School for the Blind a 53 day supply, and the Jacksonville State hospital enough to last 37 days.

He said these figures show that the emergency does not lie with the large consumers of fuel, but with the

### CHICAGO LIVESTOCK MARKET REPORT

Chicago, Jan. 7.—(AP)—With nominally steady prices quoted in all sections, the livestock market today ended the first week of the new year with fair-sized gains over final 1949 prices.

Hogs ended with the smallest advance, a part of their early gains being shaved late in the week when receipts expanded. Final quotations were up about 25 cents from a week ago. The week's top was \$17.00. Higher dressed prices supported the upturn in live animals.

A strong trend ruled in all sections of the cattle market, although only modest gains were scored on top grade steers. However, medium to average good grades jumped 50 cents to \$10.00. Heifers moved up \$1.00 to \$2.00. Receipts fell below the first week of 1949.

Lambs closed the week \$1.00 to \$1.50 with demand active, reflecting a sharp mark-up in wholesale prices.

### GRAIN PRICES DIP UNDER SELLING

Chicago, Jan. 7.—(AP)—Grain prices dipped under a dribble of selling orders on the board of trade today. Wheat showed a little resistance to the selling, particularly the March contract. Dealings in all pits were slow.

A slight increase in cash receipts acted as a drag on corn. Holland was credited with purchasing 1,500 tons of soybeans, but that had little effect on the market. The comparative firmness of March wheat was based on expectations of export business next week to Germany and Australia.

Wheat closed 1-1/2 lower, March \$2.18, corn was 5-8 lower, March \$1.31; oats were 1-8 lower, March 74, rye was 1-11 lower, May \$1.34. Soybeans were unchanged to 1 lower, March \$2.33-1/2, and lard was 2 to 10 cents a hundred pounds lower, January \$10.90.

Receipts of grain officially inspected in carlots here today: Wheat 12, corn 104, oats 9, rye none, barley 12 and soybeans 1. Receipts include 7 cars OC corn on CCC account.

**New York Stock Market**

New York, Jan. 7.—(AP)—Demand for selected stocks expanded rapidly after a steady start in the market today.

Prices for favored issues moved up fractions to around a point. Heavy trading accompanied the rise.

Activity extended to some of the market's usual leaders but price action in that group was extremely limited.

Volume for the two-hour session approached 1,000,000 shares. Six months ago this would have been regarded as good business for a full five-hour day.

Low-priced stocks attracted the bulk of demand, which has been the case in a number of recent markets. Some of yesterday's popular issues—among them aircraft and radio-television stocks—again drew a large following.

For the first hour or so prices moved narrowly. Trading had slowed to a routine rate after a fast opening. Higher prices were paid for Admiral Corp., Philco, Radio Corp., Curtiss-Wright, General Motors, Chrysler and Goodyear.

Missouri Pacific obligations again dominated trading in the bond market, although some of yesterday's sharp gains were shaded slightly at times.

**SHOWGIRLS MAY AID RAILWAY**  
Tokyo.—(AP)—Pretty showgirls may be used in an effort to stimulate lagging passenger traffic on Japanese trains. One railroad official hopes to increase traffic over his line by putting 600 showgirls aboard a special "revue train" designed to carry 1,000 paying passengers. The train would run to Atami, a famous hot springs resort.

**Car Backing From Drive Hits Woman; Ankle Fractured**

Mrs. Leona Douglas, 447 South East street, sustained a fractured ankle and possibly other injuries Saturday afternoon when she was struck and knocked down by a backing automobile.

According to a report made to the police department, Mrs. Douglas was passing a driveway at 518 South East street when she was struck by a car driven by Robert Shelton, who was backing into the street.

Shelton stopped immediately and called Conney's ambulance, which took the injured woman to Passavant hospital where she was attended by Dr. Reinald Norris. Further X-ray examination was to be made.

The accident occurred shortly before 1 p.m.

**LIBRARY LOSSES TO TELEVISION**  
Chicago.—(AP)—Circulation of books by the Chicago Public Library dropped four per cent in 1949. Carl B. Roden, chief librarian, attributed the decline to television. He predicted, though, that the slump would be only temporary.

# Blueboys Overpower Lake Forest 80-50; ISD Wins 53-51

## Jacksonville Fives Travel This Week; ISD Plays Lone Home Game

Jacksonville basketball teams take to the road this week, leaving local fans with but one cage tussle to view on home boards. ISD's Tigers stage the only home performance, entertaining New Berlin Tuesday night while the other three clubs are traveling.

The Tigers pack their duffel Tuesday and move to Louisiana, Mo., where they are entered in a four-day, 16-team double elimination tournament.

At Miller's Blueboys are the first to enter competition this week, moving to McKendree where they'll try to two-time the McKendreeans, already losers to the veteran Hilltoppers once before this season.

Jacksonville high, who boosted its win record to 9-2 with an impressive win over Beardstown last Friday, will carry its hardwood battles to foreign courts this week. The Grims move to Mt. Sterling Tuesday night and perform at Havana Friday.

Paul Stroud's Routt Rockets, idle since the holiday tournament, get back into their game uniforms Tuesday night, playing at Waverly. They tangle with St. James of Springfield Friday evening.

The Blueboys finish what they start, winding up the week's chart at North Central Saturday night.

The week's schedule for this area:

**MONDAY**  
 Illinois College at McKendree.  
 Greenville Tournament  
**TUESDAY**  
 New Berlin at ISD.  
 Routt at Waverly.  
 JHS at Mt. Sterling.  
 Chapin at Chandlerville.  
 Liberty at Meredosia.  
 Greenfield at Roodhouse.  
 Winchester at White Hall.  
 Griggsville at Chambersburg.  
 Jerseyville at Carrollton.  
 Havan at Beardstown.  
 Petersburg at Virginia.  
 Pittsfield at Rushville.  
 Nokomis at Kincaid.  
**FRIDAY**  
 JHS at Havana.  
 Routt at St. James (Springfield).  
 White Hall at Jerseyville.  
 Carrollton at Greenfield.  
 Ashland at Pleasant Plains.  
 Waverly at Virden.  
 Feitshans at Beardstown.  
 Chandlerville at Bath.  
 Bluffs at Milton.  
 Roodhouse at Winchester.  
 Mt. Sterling at Western High (Macomb).  
 Chambersburg at Chapin.  
**SATURDAY**  
 Illinois College at N. Central.  
 Pawnee at Franklin.  
 Virginia at Cathedral (Springfield).  
 Arenzville at Princeton.

### TIGER VETERAN

LEO CECI

Sage veteran of four years of hardwood experience, Little Leo Ceci continues to amaze Illinois School for the Deaf basketball fans with his long shot prowess and unusual ability to score against much bigger opponents.

Ceci, who captains Spike Wilson's Tiger five, has ranged among the city's high scorers for the past three years and ends his high school eligibility this season.

He is a native of Chicago.

## Leo Ceci Registers 29 Points For Wilsonmen; Gross, Grove Lead IC

The power-laden Illinois college Blueboys smashed youthful Lake Forest 80-50 for their first CCI conference victory of the season on the ISD boards Saturday night.

With Leo Ceci hitting for 29 points Spike Wilson's ISD basketballers squelched a belated White Hall rally to annex a 53-51 decision from the maroon cagers in the high school season preliminary.

The local collegians were never bothered by the visiting Foresters from the outset after Barney Vilk, Bob Grove, and Bill Gross hit in

rapid succession to throw them out front 15-5 in the first three minutes of play.

Lake Forest, who started an unsuccessful weekend road trip by dropping a conference bout to Millikin 57-48 at Decatur Friday night, couldn't match the Hilltoppers' speed, drive nor shotmaking. The boys from the Chicago area were never in the ball game but they never quit trying.

**Miller Men Have Everything**  
 The Miller men showed the packed house everything in the basketball book in rolling to their eighth victory in ten starts. Bill Shouse and Grove hit with the long ones, amassing totals of 20 and 16 points each, while the rugged Bill Gross counted 20 tallies on tip-ins and short, under-the-basket bulls-eyes. Dave Billings, substitute guard, was uncanny with a pivot shot from far out and racked up 13 points in less than a half.

The Blueboys led 45-22 at halftime. Grove and Gross had done most of the scoring up to this point, Grove registering 16 markers before the intermission.

Joor, Lake Forest forward, was the only visitor able to hit the hoop with any consistency. The left handed hoop artist put away 17 points.

Illinois college hits the road this week, playing at McKendree Monday night and invading North Central for their second conference bout next Saturday.

**Tigers Win 53-51**  
 Spike Wilson suffered some anxious moments late in the preliminary contest before his Tigers outlasted White Hall 53-51 in the first game.

With a 43-31 lead going into the final quarter, Wilson started substituting, giving every ISD reserve a chance to play ball. The Maroons capitalized on the breaks and almost pulled a last-minute upset over the Tiger quintet which was by now heavily loaded with third-stringers.

Little Leo Ceci was the Tiger mainstay. The diminutive ISD forward hit the long ones and the short ones to collect a total of 29 points, the highest mark any Jacksonville cager has attained to date this season.

The ISD gang led 15-10 at the end of the first period and 28-20 at halftime.

**Over one-hundred bowlers have already entered the second annual Illinois Valley Handicap Bowling tournament which will get underway the weekend of Jan. 21 on the Jacksonville alleys. The meet will run for five consecutive week ends and provide competition for team, double and single entries. Illinois, Iowa and Missouri are so far represented on the entry list.**

**The Club meets Monday evening in the Elks clubrooms and still welcomes new member.**

Something new has been added at the Winchester tournament in the way of seat-getting. We repeat for emphasis. Tickets for the first two days will be sold on a two-game basis. That is, the gym will be cleared after each two first-round games and patrons will have to purchase new tickets for the next two tussles, unless they have a season's ticket. After the two day period, sessions will be cut down to one game each. It's sort of dog eat dog and the first bite counts.

**Dallas To Pay Grimm \$90,000 For Three Years**  
 Tulsa, Okla., Jan. 7.—A three-year salary of \$90,000 lured Charlie Grimm away from the Chicago Cubs to Texas, Dallas club owned by Dick Burnett disclosed today.

The oil-rich Burnett's confirmation that Grimm would manage his team starting this summer came as no surprise to the 55th annual meeting of Texas league barons.

The loop's executive had accepted as a foregone conclusion Grimm's acceptance of the Dallas job after quitting his \$25,000-a-year post as vice president of the Cubs.

The Dallas boss said the \$90,000 would be strictly on a cash basis involving no stock or bonus payments. It was believed by veteran baseball men at the conference that on a yearly basis of \$30,000 Grimm had become the highest paid minor league manager in history.

Grimm and Burnett will sign their formal contract in Dallas next Friday.

**NORMAL 72 TO 60**  
 Normal, Ill., Jan. 7.—Western of Macomb opened its Illinois Intercollegiate Athletic conference basketball bid tonight with a 72-60 win over State Normal.

Western piled up a 37-28 halftime lead and was never headed. Gene Redman with 21 points topped the winners. Dean Burridge with 16 was high for Normal.

**TRY A CLASSIFIED AD**

### MOST IMPROVED

RON KEMP

Most improved player on the Jacksonville high school squad, says Coach Chapman, is Ron Kemp, sophomore guard playing his first season with the Jacks.

Kemp, who uses his 6-1, 185 pound frame to the best advantage in capturing rebounds and batting down enemy passes, started slowly this year and was used mainly for his height and aggressiveness. He's developed into a scoring threat as well in the last few Crimson games and is now counted on for 10 or 13 points per tussle.

A product of South Jacksonville grade school, Kemp also excels in football where he plays a rugged tackle for Coach Bob Kraushaar.

**Chicago White Sox To Play 20 Home Tilts Under Lights**  
 Chicago, Jan. 7.—(P)—The Chicago White Sox next season will play 20 home night games, two fewer than last season.

General Manager Frank Lane admitted the Sox regarded night baseball "an added attraction," but said "we don't want to kill the goose which laid the golden egg."

"In a metropolitan area such as Chicago," continued Lane, "we find many, many fans still leaning toward baseball as a daylight game, and we aim to cater to the wishes of all of our followers by limiting the number of night games."

The Comiskey Park night game program includes four tilts each with the New York Yankees and Boston Red Sox; three apiece with the Philadelphia Athletics and Washington Senators; and two each with the Cleveland Indians, Detroit Tigers and St. Louis Browns.

The Chicago Cubs, in cross-town rivalry, are the only team in the major league still without night play facilities.

The Sox night schedule: May 16, Washington; June 20, Boston; June 23, Philadelphia; June 30, St. Louis; July 25, Washington; July 28, New York.

Aug. 4, Boston; Aug. 8, Detroit; Sept. 6, St. Louis; Sept. 8, Detroit; Sept. 12, Boston; Sept. 15, Philadelphia; Sept. 19, New York.

**Michigan Beats Iowa 66 To 46**  
 Ann Arbor, Mich., Jan. 7.—(P)—Michigan clamped down on a taller Iowa basketball team here tonight before an estimated 5,000 fans to work out a 66 to 46 victory.

Iowa sophomore guard Bob Clifton put on a one-man show to the tune of 25 points in the Big Ten opener for both teams. But he got next to no scoring support from his teammates as Michigan took a 35 to 21 halftime lead and won going away.

For Michigan, it was strictly a team performance with Don McIntosh alternating between center and forward for a total of 21 points.

The Hawkeyes started out as though they were victory bent and at the seven minute mark led 10 to 7. But with McIntosh hitting them from close in, and forward Mack Suprunowicz dropping them in from the sides, Michigan pulled out in front and stayed there.

It was after this same seven-minute mark that it became evident that Clifton was fighting alone. In the entire first half, only two non-Clifton field goals were made and in the entire game only seven field goals were contributed by Clifton's teammates.

Iowa, loser only to Lawrence Tech in its non-conference games, figured to be much stiffer opposition.

## Jerry Barber Tops Field With 137 In 2nd Round Of LA Open

Los Angeles, Jan. 7.—(P)—Ben Hogan moved his come back campaign into contention today but he was still five strokes off the pace at the midway mark of the \$15,000 Los Angeles open.

The game Little Belter from Texas, who was two under par at one stage, but blasted out a two-under par 69 in the second round of the tournament, missed two three-foot putts and a four-footer on the back nine late in the afternoon and wound up with 36-hole total of 142.

The surprise leader proved to be little known but widely respected Jerry Barber of Pasadena, who shot a 68 to go with his opening round 69 for a total of 137. The 33-year-old one time farm boy from Woodson, Ill., a five-foot-five, 145-pound craftsman on the greens, played an even 33-44—68 for Riviera's 7,019-yard par 35-36-71.

**Ransom Second With 139**  
 Another dark horse, Henry Ransom of St. Andrews, Ill., the former Texan, a veteran of more than a decade of tournament golf, fired the lowest round of the tournament to date—a 33-44—67 for 139.

Ransom was the only one standing in the five-stroke spread between Barber and Hogan and Ellsworth Vines. Vines shot a 73 to tie Hogan at 142 blows.

Six players were knotted at 143. They were Sam Snead, Otto Greiner of Baltimore, Bob Gajda of Detroit, Eric Monti of Los Angeles and Charles Congdon of Tacoma. Tonight the field was trimmed.

slightly. Players with scores of 158 and under go into tomorrow's round. Tomorrow night it will be cut to 64 and ties.

**Snead Ends With 143**  
 Snead, who had a 71 yesterday, looked like a threat for awhile. He was two under par at one stage, but his putter turned to rubber and he missed two three-foot putts and a four-footer on the back nine late in the afternoon and wound up with 72 for 143.

The first round leader, Ed Furgol of Royal Oak, Mich., also faltered after his 68 yesterday. Furgol required 75 strokes today for 143.

A stiff fight looms ahead in the 18-hole round tomorrow and Monday, but Hogan is still the focal point of interest.

Gone today was the drama and tenseness of his return to competition yesterday for the first time since he was badly injured in a car crash 11 months ago.

Replacing the Hogan of yesterday with his jittery 73 was a careful, much more confident player. Nothing seemed to bother him—even an amateur photographer who trained his camera directly in the line of a Hogan putt.

And where he seemed to lose power as play progressed yesterday, he closed strongly today.

Hogan climbed into contention with a 34-35—69 exhibition. He had two birdies on the first side and two coming home. He registered a 60-foot putt once on a sharply slanting green.

**Ohio State Wallops Illini In 83-62 Tilt**  
 Columbus, O., Jan. 7.—(P)—Ohio State won its Western Conference basketball opener from defending champion Illinois tonight, 83 to 62. Ohio State led 38-27 at halftime in nothing its sixth win in eight games. Illinois (7-4) now has lost both its conference starts.

Ohio State broke its own scoring record on the Fairgrounds Coliseum floor, bettering a mark of 82 set a month ago when the Buckeyes downed Marquette 82 to 53.

The Bucks trailed only at the opening seconds when center Red Fletcher sent the Illini out to a 2-0 lead on a long shot. Forward Dick Schnittker, who was high point-maker of the evening with 23, tied the game up at that point with a short shot. Center Fred Taylor sent Ohio State out front with a foul shot and from that time the Buckeyes never were headed. Schnittker was playing his first game since re-joining the team after playing end in the Rose Bowl.

Bob Donham, Ohio State forward, took second scoring honors with 16. High man for Illinois was guard Wally Osterkorn with 11 points.

At one point Ohio State held a 27-point lead with the count 79 to 52. Illinois' previous conference loss was to Wisconsin last Monday.

Schnittker actually set the record after the end of the game. He was fouled at the final gun, awarded two throws, made the first but missed the second.

**Ripon Defeats Monmouth 74-57**  
 Monmouth, Ill., Jan. 7.—(P)—Ripon led the lead through most of a Midwest conference basketball game tonight to defeat Monmouth, 74 to 57.

Kermit Weiske contributed 28 of Ripon's points. Don Brooks added 17 for Monmouth.

The host team led for only a minute in the first half. The victory was Ripon's third conference win against no losses. Monmouth has won two and lost one in conference play.

**Eastern Trims Southern 72-51**  
 Eastern of Charleston opened its Eastern Intercollegiate Athletic conference basketball title chase tonight by trimming southern of Carbonate 72-51.

Forward John Wilson of Paris, Ill., hitting 12 out of 16 field goal attempts, paced eastern with 25 points. Charlie Goss topped southern with 14.

Eastern piled up a 19-6 lead in the first eight minutes and was ahead 35-25 at halftime.

## PMSC Grade Basketball Meet Wednesday At South Jacksonville

Eight grade school basketball teams tie off in the annual PMSC conference tournament in the new South Jacksonville gymnasium Wednesday afternoon, announced J. Merle Wade, tournament manager and superintendent of the host school.

Four games will be played Wednesday with the first tussle set for 2:30 p.m. and continuing until 8 o'clock. The semi-finals will be staged Thursday and the consolation and championship bouts are scheduled Saturday evening.

Semi-final and final games will start at 7 and 8 p.m. said Wade. Besides South Jacksonville, the host school, teams entered are Our Saviour's of Jacksonville, Bluffs, Arenzville, Meredosia, Perry, Chambersburg, and Chapin.

Meredosia won the tournament last year.

Jim Buckley and Basil Sorrells of Jacksonville will officiate at the meet.

The first round schedule: Arenzville vs. Meredosia, 2:30 Wednesday; Perry vs. Bluffs, 3:30; Our Saviour's vs. Chambersburg, 7 p.m.; Chapin vs. South Jacksonville, 8 p.m.

Jacksonville, Fla., Jan. 7.—(P)—Travis Tidwell spun a football web of passes that carried the rebel All-Stars to a 22-13 victory over the Yankees in the Senior Bowl game today.

Charlie Justice of North Carolina and Doak Walker of Southern Methodist lived up to their press notices, but Tidwell was even better.

The little Auburn quarterback who was named most valuable in the Southeastern conference got the same honor in this class field of All-America and All-Conference players from every section of the nation.

Tidwell tossed 19 times to connect for 13 for an amazing gain of 246 yards. End Art Weiner of North Carolina teamed with Tidwell to make a great combination. He fielded eight of those throws for 139 yards.

The losing Yankees also had a great passing team in Paul Campbell, Texas quarterback, and Jim Owens, Oklahoma end. Campbell threw 27 times, hit on 18 for 147 yards.

Only 20,000 fans turned out to see the all-stars star. But they got a real show out of the 50 players. Besides the aerial fireworks, was a demonstration of tough defensive line play by both walls.

 Crowdfordville, Ind., Jan. 7.—(P)—The Anderson tussled paced Illinois Wesleyan to a 69-57 basketball victory over Wabash tonight.

Gerald Anderson scored 13 points and brother Harold added 12. Bob Holstine of Wabash topped them with 14, however.

Wabash led 3-0, but Wesleyan led all the rest of the way. It was 74-20 at the half.

## Jerseyville Couple Wed In Arkansas

Jerseyville—Announcement has been made of the marriage of Miss JoAnn Sunderland, daughter of Mr. and Mrs. Lloyd Sunderland, Sr., of this city, and Richard Perdue, son of Mr. and Mrs. Lloyd Perdue of the Jerseyville vicinity, which took place January 2 at Pocahontas, Arkansas. Mr. and Mrs. Lester Whitteman of Jerseyville, brother-in-law and sister of the bridegroom, were attendants for the couple.

Mrs. Perdue was a junior at the Jerseyville Community High school this year.

Mr. Perdue is a veteran of World War II and is now attending a barber college in East St. Louis.

For the present Mr. and Mrs. Perdue will reside at the home of the bride's parents in Jerseyville.

## SOCIAL SECURITY AND YOU

Q. Can a person receive two social security benefits at the same time? I have worked long enough to receive a benefit on my own wages. I think, and I am told that I will be eligible to receive a benefit on my husband's wages also.

A—Yes, it is possible to receive two benefits. However, the combined amount can not be greater than the larger benefit. For example, if your own benefit amounts to \$14, while your benefit as a wife would be \$18, you will receive your own benefit, plus a wife's benefit in the amount of \$4; a total of \$18. On the other hand, if your own benefit amounts to \$18, and your benefit as a wife amounts to less than \$18, you will receive only your own benefit.

Q. I understand that the social security tax rate goes up to 14% on January 1, 1950. Will the benefits be increased also?

A. No. The benefit formula in the law has not been changed and therefore benefits will not be increased.

Q. My son will not be through school before he is 18. Will his benefits continue as long as he is in school?

A. The last benefit payable on behalf of a child is that paid for the month just before the month in which the child becomes 18. School attendance has no bearing upon the fact, and accordingly your son's payments will stop at that time.

(Note: A representative from the Springfield Social Security office is in Jacksonville every Thursday from 10 to 12. He is located at the Employment Office on Morgan St.)

## I Love My Doctor

By Evelyn Barkins

As a doctor's wife, I had to extend invitations to the hospital chiefs, who were, in a sense, John's bosses, although I definitely disapproved of his hospital aspirations.

"It would be one if you were closely related to the head of the medical board by blood or marriage," I told John over and over again, "but this way, it's too precarious. It's like trying to get work in a closed shop, when they won't even let you join the union."

Since he persisted in his ambition, however, I stood by to help him get ahead. One day he telephoned in a dither: "Old Malcolm's coming home with me to visit this afternoon at 3. Roll out the carpet and cross your fingers," he said and hung up.

Old Malcolm was the chief in surgery, and I was prepared to give the devil his due. I ran into Freda's for the loan of the lace doily and gold-plated dishes (her great grandmother's) and with her material and spiritual help, emerged with enough nuts and candies and fruit and little sandwiches for a charity bazaar.

"Leave it in the kitchen all fixed," said Freda, "and at the right moment, drag it out as if your 10 servants prepared it for you."

"I certainly will," I promised happily, so busy putting my best foot forward that I subsequently tripped.

When John and Dr. Malcolm arrived, I ushered them into the living room as if it were the king of England and his staff. Dr. Malcolm, I was surprised to note, as we all sat down, was a timid, little, bald man of about 50, with a tanned wrinkled skin, and thick glasses. His hands hung limply from his wrists "in order to," he explained as I stared, "create a state of complete relaxation," and he shook them loosely to demonstrate. He wore an untidy, simple suit that looked like a used laundry sack and would have made grade A hobo retreat in dismay, his shoes were not mates, and he had two ties around his neck.

"Have I?" he asked, when I couldn't resist pointing out this latter absurdity. "Oh yes, I forgot I already had one on." He calmly removed the outer tie and put it in his pocket, while casually continuing his former conversation. As I sat and watched his foggy movements with fascination, Dr. Malcolm reached in a side compartment of his jacket for a handkerchief and dropped a few theater tickets in the process.

"Your tickets, sir," John said, picking them up.

"Mine?" asked Malcolm in surprise. Then, adjusting his glasses for a better look, he said: "So that's where they were all the time. Were for last night," he explained, as if \$6.00 tickets were ten cent chances on a lottery board, "but I couldn't find them, so we couldn't go."

FOR the entire period of his visit, I could not stop watching his slightest absent-minded gesture; so much so that it was not until he got up at 4 o'clock sharp to go that I remembered all my elegant preparations in the kitchen.

"Oh, John," I wailed, as the door closed behind Dr. Malcolm, "Come see what I did!" I led him into the kitchen where my resplendent feast stood in untouched glory.

"It doesn't matter," John said consolingly. "He's so dizzy he wouldn't know anyway, would he?"

We both laughed. "Eat your dinner," I said, offering the sandwiches. Then I gasped, "What a character! How can he tell the difference between an appendix and an infected finger?"

"But I tell you he's a whiz at surgery," John insisted. "The best man we've got! Except for those little tricks he pulls. You know he's so tiny he operates on a

raised stool, or else the table's too high. Well, one hot day last summer, he came into the operating room with nothing at all on underneath his surgeon's gown, and with back wide open."

"Oh no," I breathed incredulously. "What happened?"

"Nothing," said John, obviously proud of his association with this personality, like a little boy boasting about how his Uncle Zeke killed three men before the cops caught him. "The nearest nurse tied his gown up behind, and saved the day."

A FEW days after Dr. Malcolm's visit, John came home with the marvelous news that he had received an appointment on the surgical staff.

"The lowest job in the hospital," he said with shining eyes, as if he had just been named Surgeon General in Washington. "Only a junior adjunct, but at least a start. And under Malcolm's service too!"

"It was my hospitality that clinched it," I laughed, as we swung about the room in a victory dance. Then we stopped in a real photo finish. "Oh, darling," I exclaimed, "isn't it wonderful? Isn't it grand? I just can't believe it!"

It seemed to me then that my marital education was finally complete. This unity between us, so that I could rejoice in his success as if it were my very own was like a heady wine. But the degree I so rapidly pinned upon my chest was shortlived.

From Hitler and Mussolini back to the stock-market crash of '29, I have learned that nothing lasts. Everytime I reach a point in life where I think "Eureka, this is it!" I find that I have unknowingly settled down on a pin cushion which sets me forth again. Our time bomb was set for the day following the confirmation of John's appointment.

Almost immediately, as inevitable in its occurrence and as in-terminable and agonizing in its duration as a bad case of adolescence, our first major quarrel loomed upon the horizon.

(To Be Continued.)

## Chapin To Study Fire Protection District Plan

Chapin — A public meeting has been called for the purpose of discussing the possible formation of a fire protection district for Chapin and the surrounding area. Residents of the community are invited to attend the conference, which will be held in the American Legion building at 7:30 p. m., Thursday, Jan. 12.

Under a recently enacted Illinois law, fire protection districts may be created by a favorable vote in an election held for the purpose.

Advocates of forming such a district here point out that several such districts are already in operation in Illinois and that serious farm fires have been kept to a minimum in those areas.

Harry G. Story, Jacksonville attorney who assisted in the formation of the Woodson district, will be present Thursday night to discuss the legal aspects of the proposal and to answer questions.

The Chatham area in Sangamon county is in a fire protection district and Franklin is making plans to establish one.

## Pleasant Hill Club Plans Jan. 21 Supper

## 'THE STORY HOUR' AT NEW SCHOOL

The story hour immediately after the lunch period is approved by first graders attending the new school in South Jacksonville. The children like the stories of animal heroes and villains, princesses, dwarfs and other fairy book characters.

The photo shows a group listening to story read by their teacher, Marie Lansink. Left to right, they are Jimmy Hurst, Teddy Deen, Jackie Willis, Charlotte Crocker, mighty handy. These cumbersome articles are always a lot of trouble for beginning students. First and second grade pupils have lockers right in their rooms. Lockers for the rest of the school are located in the corridors.

The public is invited to inspect the new school building this afternoon, from 1-5 p. m.

**Noted Author, Student Of Words, To Lecture At IC Campus Tuesday**

S. I. Hayakawa, author of the best-seller, "Language in Action," will speak on "Why We Don't Behave Like Human Beings" at 8 p. m. Tuesday in Jones chapel on the Illinois college campus. The lecture, the second of the 1949-50 series of the college, will be free to the public.

Hayakawa, formerly an English professor and now editor of "Etc.," a quarterly journal of semantics, has been concerned with the role of language in its effects on intelligent thinking, speaking, and acting in the average American community.

He began to write about semantics—the science of the relation between words, symbols and human behavior—in anger at what he calls the use of language to "prevent communication." As a teacher he became convinced that before people could really learn, they must cast aside threadbare verbalisms that are substitutes for thought.

Fact-mindedness, as opposed to word-mindedness, is his theme.

Even Hayakawa's first name ("The S" in his initials stands for Samuel) angers his career. His father gave him that name in honor of Dr. Samuel Johnson, the 18th century English lexicographer and man of letters.

Born in Canada of Japanese parents, Hayakawa studied at the Universities of Manitoba and McGill in Canada, and at the University of Wisconsin, where he taught English. His interest in semantics began in 1936 when he taught extension classes in college freshman English in northern Wisconsin towns. More recently he was professor of English at the Illinois Institute of Technology, Chicago.

His first book, "Language in Action," grew from experiments in teaching that began in 1938. His second work, "Language and Thought in Action," was recently published.

**BLUFFS W.S.C.S. MEMBERS ATTEND MERRITT MEETING**

Bluffs—Several local members attended the regular meeting of the Merritt W.S.C.S. at the home of Mrs. John Hurrebrink Tuesday afternoon. Mrs. Kismetman led devotions, and the lesson was given by Mrs. Lee Berry.

During the social hour refreshments were served by the hostess and her assistants, Mrs. John Enke and Mrs. Robert Reed.

The February meeting will be held at the home of Mrs. Lola Funk. There will be a potluck luncheon at noon and a valentine exchange.

**Traps 21 Foxes "Within Mile Of Back Door"**

Jerseyville — Among the trappers who brought pelts to the office of County Clerk Grover Pearce Friday afternoon was George Kirchner of Richmond Township.

Kirchner brought in 21 fox pelts for the county bounty of two dollars per head and reported that he had caught all of his foxes within a mile of his back door.

Kirchner stated that one of the pelts was that of the oldest fox he had ever caught. The animal was gray about the head from age and had lost about all of its teeth.

"I trapped this winter to kind of keep the foxes down," Kirchner stated. "Of these 21 pelts, there are 16 of them females. You can figure what conditions might have been around my place this year if they had been left alone and had given birth to their yearly litters. These 15 females could easily have given birth to a total of 75 to 100 young foxes. I never set a trap a mile from my house, and caught every last one of these that close to home."

Kirchner collected the county bounty and said he had a market of another \$2 for each of the pelts with a private individual who was planning to make a rug for them.

**Polio Fund Head Addresses Nurses**

John Agger, president of the Morgan county chapter of the National Foundation for Infantile Paralysis, spoke to the student body of Passavant hospital school of nursing Friday afternoon. He described the national organization of the foundation and made it more interesting by describing the activities of the local chapter during the epidemics of 1948 and 1949. Figures furnished by George Lukeman, treasurer, of the Morgan County Chapter, gave the students an idea of the tremendous cost of acute treatment and the long rehabilitation necessary for victims of poliomyelitis.

"A most generous March of Dimes campaign will be needed this January to make it possible for Morgan county and the National Foundation to cope with the cases that may develop this summer," Mr. Agger said.

**LYNNVILLE W.S.C.S.**

Lynnville — The Lynnville W.S.C.S. will meet at the church Wednesday at 12 noon, when the losers in the attendance contest will serve a dinner to the winners. The group will give a shower for Mrs. Grace Pearneynough Killam in the afternoon.

**IN MEMORIAM**

In reverent memory of our son and brother, Alsey Ray Smith, whose death occurred Jan. 4, 1949, of our wife and mother, Mrs. Grace Smith, who passed away Jan. 16, 1949.

Alsey Smith, son, Jack Smith and Family.

## Coming Of Portuguese History Group Subject

The centennial of the arrival of the Portuguese in Jacksonville will be celebrated at the January meeting of the Morgan County Historical society. The dinner will be held in the banquet room of the Dunlap hotel at 6 p. m., Friday evening, Jan. 20.

The coming of the Portuguese will be told in a paper written by Walter DeShara and edited by Dr. John S. Wright.

The first Portuguese colonists, numbering 350, came to Jacksonville from New York, November 15, 1849, under the leadership of the Reverend Manuel Gonsalves. Under the same leadership 211 more colonists came in 1851 and 273 in 1853. The state of Illinois through Governor Augustus C. French agreed to locate the colony about half way between Jacksonville and Springfield. Although the group was offered a section of land near the present town of New Berlin, the Portuguese refused to accept the land because they would be isolated from the people whose customs and language they hoped to learn. Thus they scattered, some going to Springfield, others to Waverly, but the majority of them settled in Jacksonville.

At first they obtained employment in the homes in the weather Jacksonville residents, and later they assisted in the construction of the railroads then being built in this area. The larger number, however, became building contractors and railroad men.

At the business meeting three directors for a three-year term will be elected. Directors whose term expires this January are Miss Elizabeth C. Y. F. Has Guests From Children's Home, St. Louis

Two high school seniors from the St. Louis Christian Children's Home, Emma Jo Rogers and Eldon Sternberg, were guests of the Christian Youth Fellowship of Central Christian church during the holiday season. They stayed in a number of Jacksonville homes, and the entertainment for them included bowling, skating at the Moonlight Gardens at Springfield, and basketball games and progressive parties.

Their hosts and hostesses were Mr. and Mrs. Lloyd Black, Barbara and Bob; Mr. and Mrs. Edwin Garlick, Marcia and Patricia; Mrs. Guy Symmonds, Jim Stone, Mrs. Grover Thompson, Bob Staples, Mrs. Howard Brown, Shirley Reed, Mr. and Mrs. Fred Goodey and Fred Jr. Mr. and Mrs. Roy Newbery and Elizabeth.

Mr. and Mrs. Ernest De Vore and Bill, Rev. and Mrs. Leslie Heuston and Henry, Mr. and Mrs. James Dunlap and Janet, Mr. and Mrs. Wayne Smith and Charles Grant, Mr. and Mrs. Amos McCutley and Mary Jane, Mrs. Gertrude Funk, Mrs. Bertha Schoedsack and Mrs. Jane Hutton of the Christian Home.

The planning committee consisted of Bertha Black, chairman; Roger Ezard, Bill De Vore, Bob Moore, Fred Goodey and Bob Black, assisted by adult leaders, Mrs. Lloyd Black, Louis Boddy, Mrs. Guy Symmonds and Mrs. Leslie Heuston, and directed by Marguerite Schoedsack.

The story hour immediately after the lunch period is approved by first graders attending the new school in South Jacksonville. The children like the stories of animal heroes and villains, princesses, dwarfs and other fairy book characters.

The photo shows a group listening to story read by their teacher, Marie Lansink. Left to right, they are Jimmy Hurst, Teddy Deen, Jackie Willis, Charlotte Crocker, mighty handy. Lockers for the rest of the school are located in the corridors.

The public is invited to inspect the new school building this afternoon, from 1-5 p. m.

## Church Ceremony Unites Illinois College Students

A candlelight double ring ceremony at the State Street Presbyterian church at 2 p. m. Saturday united in marriage Miss Marilyn Schaffner, daughter of Mrs. Beatrice Shaffner of 1018 Grove street, and Arthur R. Williamson, son of Mr. and Mrs. Leslie Williamson of Lincoln.

Rev. Lewis N. Raymond performed the rites in the presence of about 125 people, among decorations of ferns, white chrysanthemums, pink and white roses and purple dwarf iris.

Organ music was furnished by Jean Patterson of Winchester, and Melba Potter sang "Because" and "I Love You Truly."

The bride, who is a sophomore at Illinois College and a member of Gamma Delta society, wore a white satin wedding gown and train, trimmed in lace. Her flowers were white carnations.

Mr. Williamson is in his senior year as a premedical student at Illinois College and a member of Sigma Pi fraternity. During World War II he served overseas in the armed forces.

Maid of honor was Betty Shewmaker. Junior maid of honor Carol Shaffner, sister of the bride. Don Gilchrist served as best man, while Robert Cargill of Wood River, brother-in-law of the groom, also attended the couple. The bride was given away by her uncle, Randolph Brown, of East St. Louis.

Immediately after the wedding a reception was held for approximately 75 guests at David A. Smith House, where the couple cut the three tiered cake. Later they departed on a short honeymoon trip to an undisclosed destination, from which they will be back Tuesday in order to resume their studies.

Mr. and Mrs. Williamson will reside at 1329 W. College avenue until they are able to obtain a place in the veterans' housing units at Illinois college.
